Updates and Reminders (and a Thank You)

Bunker Project: The bunker project is complete! While we will be putting rakes out soon, we still recommend playing 'rake and place' in all bunkers for a few more weeks until the sand settles in a little more.

Spill Valves: The valves have been placed in the spillway underneath the bridge on hole #12. In coordination with our maintenance staff, the company that designs and installs the valves are continuing to work to make sure that they work the way they are supposed to. We are close, and it will mean saltwater intrusion into our irrigation well will be minimized. Over time, the salts in the soil should be diluted and we are optimistic that the health of the turf on our course will improve dramatically. Be patient. We are very excited.

Reminders: Golfers must pair up in Snee Farm golf carts when applicable. In addition, on weekends, we may begin pairing up groups of less than 4 as a courtesy to our members who also want to play during premium time frames.

Cancellation Policy: THANK YOU!!!! We are asking members to cancel or edit tee times at least 24 hours in advance as a courtesy to the membership. We truly appreciate that so many of you have been calling in advance, and it's allowed many others to make tee times and play during 'peak' hours.

Thanks to many for also allowing us to pair you up if needed. If we are all mindful, we can maximize the benefits for the entire membership. Thanks.

Now go PLAY GOLF! Stop THINKING golf swing!!!
